

Methodology Implementation Rapid Deployment Package

Designed to enable you to define your roadmap to success in less than one week

Outcome The Methodology Implementation RDP provides a detailed set of recommendations for the most appropriate practical, fit-for-purpose project management methodology, including tools, templates and governance based on best practice

Aimed At Organisations looking to implement a new project management methodology

Time 2 ½ days

Approach Site Visit Preparation
Up to 10 individuals within your organisation complete the Wellington Project & Programme Methodology Questionnaire. This document is straight forward to complete and enables us to capture data on current working practices and concerns in preparation for the Day 1 site visit.

Day 1 Site Visit

1-2-1 sessions with key individuals (am)

Workshops with group of key individuals (pm)

Off-site Data Analysis & Reporting

Your Wellington Project Management Consultant will use this time to review the Methodology Questionnaire results, findings from 1-2-1 sessions and outputs of workshops. The Project Management Methodology Implementation Report is prepared.

½ Day Site Visit

Your Wellington Project Management Consultant will return to your site to present your Project Management Methodology Implementation Report. This will include recommendations on methodology structure, scale and content, along with appropriate supporting tools, templates, governance structure and implementation roadmap.
